I. COMPETITION OVERVIEW

The 2025 Texas Trophy competition will be conducted in accordance with the rules and regulations of U.S. Figure Skating, as set forth in the [current rulebook](#), as well as any pertinent updates that have been posted on the U.S. Figure Skating [website](#).

This competition is open to all eligible, restricted, reinstated or readmitted persons as defined by the Eligibility Rules, and who are a currently registered member of a U.S. Figure Skating member club, a collegiate club or an individual member in accordance with the current rulebook. Please refer to the current rulebook for non-U.S. Citizens.

COVID-19 EVENT POLICIES:

For the most recent U.S. Figure Skating COVID-19 policy requirements, [CLICK HERE](#).

SERIES INFORMATION: *Texas Trophy* is a qualifying singles event for the **National Qualifying Series (NQS)**.

Skaters in Juvenile through Senior NQS must register for their designated **NQS events** separately in EMS - see listing [NQS - 2025 Texas Trophy](#)

Refer to [NQS handbook](#) for more information.

II. ELIGIBILITY:

Singles: Excel and Well-Balanced Events:

Skaters must meet at least the minimum singles test requirements for the event's level. A skater's singles test level may be higher than the minimum requirement.

- Skate Up: skaters may skate up one level higher than their minimum test requirement allows.

Skaters may not register for an event level lower than allowed by their competitive floor. An athlete's competitive floor is set by one of the following scenarios:

- If an athlete has a paid EMS series application for the NQS series, the event level registered for in the most recent NQS will become the lowest level they may compete at in any U.S. Figure Skating sanctioned event.
- If an athlete has a paid EMS series application for the Excel Series, the event level registered for in the most recent Excel series will become the lowest level they may compete in any Excel event. For Well-Balanced and Specialty events the skater will be permitted to register at one level lower than the "floor" set by their excel series entry.
- If an athlete has never had a paid EMS series application in the NQS or Excel series, the athlete may select their level based on their goals and technical skills as long as the minimum test requirements are met.

Skaters are not permitted to enter an Excel free skate and a Well-Balanced free skate event at the same competition (example: Juvenile Girls Free Skate and Juvenile Girls Excel Free Skate). However, they are permitted to enter an Excel and a Well-Balanced event of different types such as a short program (if stand-alone event option), specialty or showcase events (example: Intermediate Women Short Program and Intermediate Women Excel Free Skate).

- For more details about establishing event levels, refer to the information sheet [HERE](#) or email events@usfigureskating.org.

Skaters entering pre-juvenile and lower events will be divided as closely as possible by age should the number of entries warrant more than one group.

All other singles and partner events (such as Adults):

Skaters must meet the minimum test requirements for the events level, but not exceed the maximum permissible test requirement.

Non-Qual Events Offered and Fees

usfigureskating.org - Skate - Compete - Program Requirements

Referee may combine Showcase event levels & categories if number of competitors warrant.

Showcase & Specialty events may be limited or cancelled due to time constraints as these events are secondary priority.

All compliance requirements must be met at the time of check-in to access the competition, no exceptions.

Coaches must be included within a skater's registration or updated through their EMS Skater Portal. All coaches declared at the time of registration will be included on the registration confirmation email. **Note:** There is no registration approval process within EMS as the data (membership and test level) is tied to the U.S. Figure Skating database.
